Hi Dan,

Here is the information that was provided last week to the Agency (and sent to Emily) regarding the list of studies submitted.

I tried yesterday to include a file (VGX....pdf) with a table summarizing the list of studies and spreadsheets with actual data (also provided to the Agency). It did not go through due to the size. I removed the data spreadsheets and I am sending just the text with the list. Emily received a link to download the file, and she should have that data.

Freundliche Grüße / Best regards,

Subject: Bayer CropScience VaporGrip Xtra White Paper Submission in Support of 2020 Registration of XtendiMax (264-RERN)

Good afternoon, Emily,

In support of the 2020 registration decision for XtendiMax® With VaporGrip® Technology (M1768 Herbicide), EPA Reg. No. 264-RERN, Bayer Crop Science (EPA Company Number 264) is providing here a courtesy copy of the 8570-1 form, cover letter, and white paper (MRID 51226701) summarizing the VaporGrip Xtra studies that were previously submitted to the Agency on or before May 1, 2020. These documents, along with others, were submitted earlier today through the electronic portal.

Please reach out to me or George Sabbagh if you have any questions or concerns.

Have a great weekend!

Sincerely,
Steven
